

# Forms Printer

# 4227

The Fast and Rugged Lexmark Forms Printer 4227 for Reliable, Cost-Effective Unattended Printing.

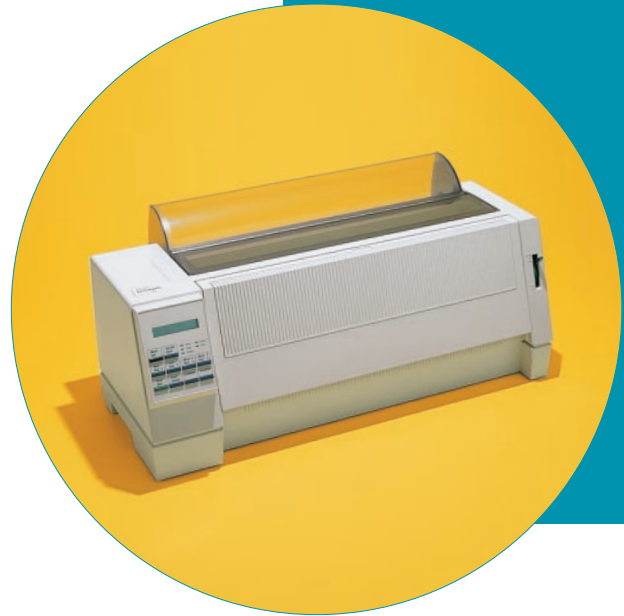

***Built workhorse-tough to take you the distance, and then some.***

The Lexmark Forms Printer 4227 boasts one of the industry's highest reliability ratings for a printer in its class—10,000 hours mean time between failures (MTBF). Among the dependability features are an improved frame structure that lets you use your 4227 in even the most inhospitable conditions and climates, as well as an even straighter paper path, virtually eliminating the chance of jams or misfeeds. In addition, the 4227 features a robust printhead. This unique 18-pin design doubles the life of the printhead by alternating printing between two 9-pin sets—it's like having an extra printhead working for you. Rated conservatively at 400 million characters, you'll print miles of high quality pages of output.

***More functionality for enhanced value and ease of use.***

The Lexmark Forms Printer 4227 provides additional function to improve your productivity.

- The printhead automatically adapts to a wide range of paper thicknesses, saving you unnecessary downtime having to make manual adjustments between forms, labels and paper changes.
- Paper-handling options, such as the Auto Sheet Feeder or Tractor 2 Feeder, let you maximize your printer's productivity by allowing you to print up to 150 cut sheets automatically, or load two types of continuous forms plus individual cut sheets in the printer at the same time.
- Built-in bar code capabilities and a forms macro feature save you time and hassles in setting up and operating your 4227 printer.

***A high-powered performer that makes you look like a winner.***

The Lexmark Forms Printer 4227 sets the pace for fast-moving businesses such as yours—and helps maintain it. To ensure quick return to your application, the 4227 is equipped with 60KB of memory; an optional 32KB download buffer is also available for even faster throughput.

***Printing solutions from a partner who understands your business.***

Lexmark develops, manufactures and markets superbly engineered printers, network print servers, software tools and the associated supplies that ensure that when you need a document printed, it gets printed—quickly, affordably and with the kind of quality that you demand.

When you own a Lexmark printer, you're covered by one of the most comprehensive warranty and service programs available. In addition, responsive technical assistance is provided through our web site, online bulletin board and professionally staffed tech support hotline.

- *Unique 400 million character printhead*
- *Improved reliability and performance*
- *Optional dual tractor feed*
- *Smart printhead automatically adjusts to forms thickness*
- *Flexible paper handling for continuous forms and cut sheets*
- *Seven resident bar code fonts including POSTNET*

**LEXMARK**

*The Lexmark Forms Printer 4227 joins the other quality performers of the Lexmark dot matrix printing family, whose legacy includes a decades-long tradition of leading-edge engineering and value.*

#### **Technology**

- 9-pin dot matrix

#### **Maximum Print Line**

- 13.6"/345.4mm

#### **Print Speed**

- Up to 533 cps in FastDraft
- Up to 400 cps in Draft
- Up to 100 cps in Near Letter Quality

#### **Resolution**

- 240 x 144 dots per inch

#### **Memory**

- 60K receive buffer

#### **Compatible Datastreams**

- IBM PPDS
- Epson DFX-5000

#### **Text Fonts**

- Gothic, Courier, Draft, FastDraft

#### **Paper Handling**

- Auto-gap printhead
- Up to six part forms in variable lengths, 3"/76mm to 22"/558.9mm
- Supports continuous forms, cut sheets, labels and envelopes

#### **Size/Weight**

- 24.35"/618.5mm (W)
- 11.28"/286.5mm (D)
- 10.8"/275mm (H)
- 34.32 lbs./15.6 kg

#### **Bar Code Fonts**

- Code 39, Code 128, EAN 8, EAN 13, Interleaved 2 of 5, UPC-A, POSTNET

#### **Paper Paths**

- Continuous forms are loaded in the tractor feed
- Cut sheets can be loaded in the front manual cut sheet tray
- Tractor 2 Feeder option allows simultaneous loading of two continuous forms plus cut sheets and forms selections with the touch of a button
- Automatic sheet feed option can hold up to 150 cut sheets

#### **Ease of Use Features**

- LCD operator panel, seven resident bar codes, four panel selectable forms macros

#### **Printhead Life**

- 400 million characters

#### **Ribbon Yield**

- 15 million characters in Draft Mode

#### **Acoustics**

- 55.5 dBA in Courier Mode

#### **Supplies**

- Ribbon (p/n 11A6150)

#### **Reliability**

- 10,000 power-on-hours MTBF at 50% duty cycle

#### **Electrical**

- 120 Volts AC 1-Phase (60Hz); 220/240 Volts AC(50Hz)
- Energy Star compliant

#### **Interface**

- Parallel interface setting with standard Centronics protocol
- RS-232 or RS-422
- Coax Adapter for SCS (p/n 11A6276)
- Twinax Adapter for SCS (p/n 11A6277)

#### **Options**

- Tractor 2 Feeder (p/n 11A6196)
- Automatic Sheet Feed (p/n 11A3097)
- 32K (Download Buffer) (p/n 1180727)

#### **Warranty**

- One-year on-site or LexExpress
- Optional 1-, 2-, 3-, or 4-Year Extended LexOnSite<sup>SM</sup>
- Optional 1-, 2-, 3-, or 4-Year LexExpress<sup>SM</sup>
