Rock-Solid Performance for High-Volume Forms Printing.

The PACEMARK® 4410 is simply the most reliable, powerful and durable forms printer in its class. Stand-alone or shared by a workgroup, this heavy-duty impact printer can tackle your most demanding forms work-flow and then some.

The exceptional performance of the PACEMARK 4410 is perfectly suited to applications requiring high volume, including long, unattended print runs, general data processing, invoices, billing and financial statements, inventory reports, banking transaction logs, and accounting reports.

For unsurpassed reliability, the PACEMARK 4410 is rated at 15,000 hours before failure (MTBF) — the equivalent of 7.25 years of 40-hour work weeks! — outperforming its closest competition by 50%.

For strength and stability, the PACEMARK 4410 has a larger, beefier carriage assembly, ensuring optimal print quality. The metal chassis gives the printer greater rigidity and strength in rugged environments. Even the tear bar is long-lasting metal — for clean, precise cutting.

And ensuring the outstanding performance of the PACEMARK 4410 is an industry-leading on-site warranty: 2 years parts and labor on the printer, and 1 year parts and labor on the printhead.

Powerful? It prints clearly on the last page of a 10-part form, and handles stock that's up to 48% thicker than its competitors can take. It has the horse-power to deliver 300 lines per minute/ 1,066 characters per second in High-Speed Draft mode — and an unmatched speed off the line in its 15 ips feed rate.

As for endurance, the PACEMARK 4410 can consistently turn out 35,000 pages per month — which translates into 3,045,000 pages before failure.

There's no question about it: if you need reliability, power and endurance in a forms printer, the printer you want is the PACEMARK 4410.

> Simply the most reliable, powerful and durable forms printer in its class.

PACEMARK® 4410
HIGH-SPEED FORMS PRINTER

Convenience and support to count on.

Everything about the PACEMARK 4410 says "convenience" — right down to the 2-line, back-lit LCD display panel. And that extends to the printer's sensor-driven paper handling: stock thickness is read and adjustments made automatically, so there's no need for user intervention — and media moves smoothly through the machine.
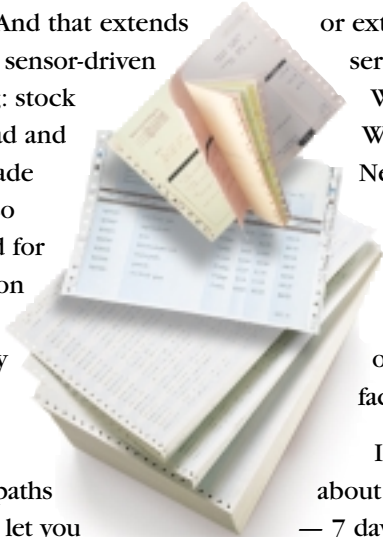

Two paper paths (front and rear) let you load two forms simultaneously: continuous-form stock, including single- and multi-part, card stock, envelopes and labels. And the paths can be selected through the printer software that's included or via the front panel.

The stand-alone model of the PACEMARK 4410 is at home in a wide variety of computer platforms, including Windows NT®, Windows® 98, MS-DOS® and IBM® OS/2.® Or upgrade via internal or external network print servers to support Windows® NT® Workstation, Novell® NetWare®, UNIX®, IBM LANServer® and Microsoft LAN Manager.® Or get your network support out of the box, with the factory-configured model.

If you have a question about your PACEMARK 4410 — 7 days a week, 24 hours a day, 365 days a year — call us at 1-800-OKIDATA (800-654-3282) and talk to a live service expert.

Technology, Speed and Print Characteristics
Print Method: Serial Impact Dot Matrix (SIDM)
Printhead: User-replaceable 2 x 9-pin diamond array
Format: Wide-carriage (132-column) only
Print Speed/Character Matrix:

Mode	NLQ	Utility	HS Draft
Characters per second	200	800	1,066
Characters per inch (HxV)	17 x 13	9 x 7	7 x 7

Lines per minute: 300
Feed Rate: 15 inches per second (ips)

Emulation, Interface and Memory
Emulations: Epson® FX, IBM® ProPrinter® III, OKI® MICROLINE® co-resident
Standard Interfaces: Centronics® IEEE 1284 bi-directional parallel; RS-232C (supports 38.4K data rates)
Optional Interfaces: OkiLAN® 6100e (10/100 Base-T internal network print server; Ethernet® with SNMP support – standard with network-ready model); OkiLAN® 6010e (10 Base-T external network print server)
Standard Memory: 512K RAM, 28K Receive buffer (max. 56K in DLL)

Fonts/Characters
NLQ: Courier, Gothic
Utility/HSD/SSD: Gothic
Scalable (22–216 pt.): Courier, Gothic
Code Pages: Standard ASCII; Epson® Character Set I & II; IBM® Character Set I, II & All; International Character Sets including BRASCII & ABICOMP; Line/Block Graphics
Bar Codes: UPC-A, UPC-E, EAN 8, EAN 13, Interleaved 2 of 5, Code 39, Code 128 (A, B, C), PostNet™

Paper Handling
Paper Input: Continuous: single-part/multi-part; card stock; envelopes; labels
Number of Copies: Interleaf = 7; Carbonless = 10
Maximum Thickness: 0.014" (0.36 mm) Rear Feed; 0.031" (0.78 mm) Bottom Feed
Paper Feeding: Rear Push and Bottom Push standard
Tear Capabilities: Zero tear (Menu-selectable); Metal tear bar
Loading: Auto loading, Auto paper park, Autogapping, Straight paper path (front), Software-selectable front/rear paper paths
Sensors: Paper out, paper input, Paper motion/Jam detection, Paper width, Paper selected

Warranty and Reliability
Limited Warranty: 2-year On-site on printer (parts & labor)[1]; 1-year On-site on printhead (parts & & labor)[1]
MTBF: 15,000 hours (25% duty cycle/35% page density)
Printhead Life: 400 Million characters avg. in 10 cpi Utility mode (25% duty, 35% page density)

Environmental
Size (WxDxH): 29.5" x 14.9" x 14.1" (74.9 cm x 37.8 cm x 35.8 cm)
Net Weight: 92 lb. (41.7 kg)
Maximum Noise: 61 dBA (Utility), 55 dBA (Utility-Quiet)

Ordering Information (Part Number)

Printer:	PACEMARK 4410 – 110V–230V	61800901
	PACEMARK 4410 – 110V–230V (factory-configured with OkiLAN® 6100e)	61801001
Supplies:	Ribbon cartridge – Nylon fabric; 15 Million character life	40629302
Accessories:	OkiLAN 6100e Internal Network Print Server	70034201
	OkiLAN® 6010e External Network Print Server	70034401
